

Table 19b. Profile of Change in School Attendance

1. This is a developmental measure. To assist in the development process, we are asking states to report information on the school attendance outcomes of mental health consumers with their December 2007 MHBG submission.
2. The SAMHSA National Outcome Measure for School Attendance measures the change in days attended over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer Self-Report items on School Attendance, you may report them here.
3. If your SMHA has data on School Attendance from alternatives sources, you may also report that here. If you only have data for School attendance for consumers in this year, please report that in the T2 columns. If you can calculate the change in Attendance from T1 to T2, please use all these columns.
4. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
5. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

Table 19b. Profile of Change in School Attendance

State: <u>Indiana</u>		Time period in which services were received: <u>7/1/2005 - 6/30/2006</u>																
For Consumers in Service for at least 12 months																		
	T1			T2			T1 to T2 Change						Impact of Services					
	"T1" Prior 12 months (more than 1 year ago)			"T2" Most Recent 12 months (this year)			If Suspended at T1 (Prior 12 Months)			If Not Suspended at T1 (Prior 12 Months)			Over the last 12 months, the number of days my child was in school have					
	# Suspended or Expelled	# Not Suspended or Expelled	No Response	# Suspended or Expelled	# Not Suspended or Expelled	No Response	# with an Expelled or Suspended in T2	# with No Suspension or Expulsion at T2	No Response	# with an Expelled or Suspended in T2	# with No Suspension or Expulsion at T2	No Response	# Greater (Improved)	# Stayed the Same	# Fewer days (gotten worse)	# Not Applicable	No response	Total Responses
Total	0	0	0	0	0	0	0	0	0	0	0	0	229	1202	425	32	46	1934
Gender																		
Male													136	752	265	20	26	1,199
Female													93	450	160	12	20	735
Gender NA													0	0	0	0	0	0
Age																		
Under 18													229	1,202	425	32	46	1,934
For Consumers Who Began Mental Health Services during the past 12 month:																		
	T1			T2			T1 to T2 Change						Impact of Services					
	"T1" 12 months prior to beginning services			"T2" Since Beginning Services (this year)			If Suspended at T1 (Prior 12 Months)			If Not Suspended at T1 (Prior 12 Months)			Since starting to receive MH Services, the number of days my child was in school have					
	# Suspended or Expelled	# Not Suspended or Expelled	No Response	# Suspended or Expelled	# Not Suspended or Expelled	No Response	# with an Expelled or Suspended in T2	# with No Suspension or Expulsion at T2	No Response	# with an Expelled or Suspended in T2	# with No Suspension or Expulsion at T2	No Response	# Greater (Improved)	# Stayed the Same	# Fewer days (gotten worse)	# Not Applicable	No response	Total Responses
Total	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
Gender																		
Male																		
Female																		
Gender NA																		
Age																		
Under 18																		
See Page 2 for additional Questions about the source of this data.

Table 19b. Profile of Change in School Attendance

State: <u>Indiana</u>		Time period in which services were received: <u>7/1/2005 - 6/30/2006</u>	
Source of School Attendance Information	<input checked="" type="checkbox"/> 1) Consumer survey (recommended items) <input type="checkbox"/> 4) State Education Department	<input type="checkbox"/> 2) Other Survey: Please send us items <input type="checkbox"/> 5) Local Schools/Education Agencies	<input type="checkbox"/> 3) Mental health MIS <input type="checkbox"/> 6) Other (specify) _____
Measure of School Attendance	<input type="checkbox"/> 1) School Attendance <input type="checkbox"/> 2) Other: <u>from survey</u>		
Mental health programs include:	<input type="checkbox"/> 1) Children with SED only <input type="checkbox"/> 2) Other Children (specify) _____ <input checked="" type="checkbox"/> 3) Both.		
Region for which data are reported:	<input checked="" type="checkbox"/> 1) The whole state <input type="checkbox"/> 2) Less than the whole state (please describe)		
What is the Total Number of Persons Surveyed or for whom School Attendance Data Are Reported			
		Child/Adolescents	
1. If data is from a survey, What is the total Number of people from which the sample was drawn?		29,655	
2. What was your sample size? (How many individuals were selected for the sample)?		1956	
3. How many survey Contacts were made? (surveys to valid phone numbers or addresses)		2526	
4. How many surveys were completed? (survey forms returned or calls completed) If data source was not a Survey, How many persons were data available for?		2016	
5. What was your response rate? (number of Completed surveys divided by number of Contacts):		80%	
State Comments/Notes For Row 47 -- SMHA considers all youth served as SED based on state definiton. Sample is pulled from all youth served by the community mental health system.
